KEY PROJECTS

Luna Smart Storytelling Robot – Web Control Application | Group Project **Nov 2024 – Aug 2025**

https://github.com/kdinethdovindu/Luna-Code-Base

- Independently designed and developed the robot's **web-based control interface** using HTML, CSS, and JavaScript.
- Developed a **Python Flask web API** to connect the web interface with the robot components implemented by other team members.
- Integrated controls for **robot movement, volume, storytelling, music, educational activities, and live camera streaming** through the web interface.
- Collaborated with team members to integrate their hardware/software modules into a unified web-controlled robot system.
- **Tech Stack:** ***HTML, CSS, JavaScript, Python, Flask***

PrimeCore - Bank Credit Risk Assessment Web Application | Group Project **Nov 2025 – Aug 2026**

https://bank-web-app-theta.vercel.app
https://github.com/Metaminds-BankWebApp

- Developed the **CreditLens functionality for both Public Customer and Bank Customer workflows**, contributing to both frontend and backend implementation.
- Built related user interfaces using **React/Next.js and TypeScript** and implemented backend functionality using **Java Spring Boot, Spring Data JPA, and REST APIs**.
- Developed **profile management functionality across multiple user roles**, including customer, bank officer, and admin-facing interfaces.
- Implemented **notification features** and integrated them into relevant user workflows.
- **Tested** CreditLens frontend and backend workflows and resolved identified issues.
- **Tech Stack:** ***Java, Spring Boot, Spring Data JPA, Spring Security, JWT, React, Next.js, TypeScript, PostgreSQL, REST APIs, Git/GitHub***

Personal Portfolio Website | Individual Project **Oct 2026**

https://kdinethdovindu.is-a.dev
https://github.com/kdinethdovindu/Portfolio

- Designed and developed a responsive personal portfolio using React and TypeScript, featuring interactive animations and smooth scrolling.
- Implemented an interactive project showcase, technology stack display, education, certifications, and contact section.
- **Tech Stack: React, TypeScript, Vite, CSS, Vercel, Git/GitHub**

CERTIFICATIONS & ACHIEVEMENTS

- **Top 20 Team – SLRC Innovators Exhibition 2026** — Sri Lankan Robotics Challenge, University of Moratuwa
